

Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness," prolapsus uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdominal, or pelvic, region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequal-

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and if you come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

FAVORS A THIRD TERM

House Desires the Re-Election of President Roosevelt.

BY ALMOST UNANIMOUS VOTE

Resolution Is Passed Placing the House on Record—A Compromise Freight Rate Measure Also Is Passed by the House.

St. Paul, April 10.—The Minnesota house of representatives went on record as favoring a third term for President Roosevelt. Representative Swan Nelson of Minneapolis presented the resolution and it was passed by a rising vote and without debate.

When the speaker announced the vote, J. G. Lennon of Minneapolis, who had remained in his seat, asked if the speaker had declared the vote unanimous.

"Almost unanimous," replied the speaker. The Democratic members did not vote.

The text of the resolution follows: "Whereas, By his wise initiative and courageous leadership the present president of the United States has become prominently identified with the cause of political, social and business reform; and,

"Whereas, The great work of which he has been and now is the most distinguished exponent is yet unfinished; and,

"Whereas, With singular unanimity the great body of the people of the United States, without regard to political affiliation, has explicit confidence in his great ability, unselfish patriotism and unswerving fidelity to his exalted trust; therefore,

"Be it resolved, by the house of representatives, the senate concurring, That the best interests of the general government and the successful establishment of the great public measures which have been inaugurated by the present national administration demand the nomination and re-election of Theodore Roosevelt to the presidency of the United States."

Compromise Freight Rate Bill.

The end of the railroad litigation which it was expected would tie up freight and passenger reductions during the next three to five years is now in sight. The house passed a freight rate bill which is a compromise between the present commodity rates and the reduced commodity rates ordered by the state railroad commission. It is believed that the railroads will accept the rates provided in the bill. It is also suggested that the roads will accept the 2-cent passenger fare bill.

The house voted down the bill the purpose of which was to enable the voters of cities to legislate for themselves.

The bill introduced by B. H. Timberlake of Minneapolis, requiring an examination of the eyes and ears of all pupils in the public schools, when it came up for its final reading in the house secured just sixty votes, the exact number required for the passage of a bill.

The house passed the judges' salary bill by a vote of 64 to 31. F. B. Phillips of Ramsey county made another attack on the bill, but with no result. The bill increases the supreme court justices from \$5,000 to \$7,000 and the district judges from \$3,500 to \$4,200, with the present additional \$1,500 in the three large counties.

The coupon ballot bill, introduced in the house by J. P. Cummins of St. Paul was reported for passage in a modified form by the house committee on elections. Instead of instituting the system over the entire state the amended bill gives the county boards authority to use the system in the county.

The anti-treating bill, introduced by Representative T. H. Horton of North Branch, was killed by the adoption of the report of the house committee on temperance.

Hospital Farm for Inebriates.

The house passed W. L. Hollister's bill for the creation of a hospital farm for inebriates. Under the bill a tax of 2 per cent of all license money collected in the state is to be levied to provide funds for the site, buildings and maintenance. This will bring \$8,000 annually from St. Paul alone and probably \$40,000 or more annually in the state.

The Iowa distance tariff bill introduced by Senator T. E. Cashman of Owatonna was killed in the senate after the per ton mile provision had been stricken from the bill upon the motion of the author.

The senate passed the mortgage registry tax bill, with thirty-eight votes in the affirmative and fourteen in the negative. The bill passed was H. F. No. 561, which was amended by striking out all but the first two sections of the house bill and substituting all but the first two sections of the senate bill, introduced by Senator Frank Clague of Lambert.

The two bills were very similar in their provisions in the main, although

Lace Curtains.

No stock in our store shows more improvement than our lace curtain stock. We have added such a large number of new designs and qualities that there is now an appropriate style of curtain for every window.

Our curtains are not of the high price qualities but medium priced curtains that have style and service.

The Brussels net curtains are extremely desirable in style and particularly reasonable in price as are the Cable Nets, Nottinghams, etc.

Our line of curtain madras and swisses is very extensive—this line sells from 15c to 75c the yard.

SENSATIONAL TESTIMONY.

Given in Chamber of Commerce Suit at Minneapolis.

Minneapolis, April 10.—Sensational testimony given by A. S. Hicks, a former broker at the Superior Board of Trade, together with the evidence of A. W. Harris, given Saturday, indicates that the local Chamber of Commerce in its action against the board has unearthed a big bucket shop scandal affecting the Twin Cities, Cincinnati, St. Louis, Omaha, Kansas City and other Western cities.

The action of the chamber is brought to prevent the use of its quotations by the Superior board, the Wisconsin Grain and Stock company and the Superior clearing house, all of which concerns are made defendants to the suit. The chamber also alleges that these companies are all affiliated, and further, are connected with the Edwards-Wood company, against whom it obtained an injunction some months ago.

A. S. Hicks testified that he was hired by the Edwards-Wood company at its office in St. Paul and sent to Superior with instructions "to trade and make a market." That while there he bought and sold many hundred thousand bushels of wheat without orders from Wood or any one else for his sales or purchases.

And further that his transactions were all with two men whom he knew to be in Edwards-Wood's employ. The substance of his lengthy testimony was that the dealing on the Superior board was farcical.

A similar action against the Superior board has been brought by the Chicago Board of Trade and the testimony of nearly 100 witnesses has been taken in that suit. The case is being continued in the federal court.

TAFT AND CUMMINS.

Presidential Ticket Favored in Administration Circles.

Washington, April 10.—Taft and Cummins is the Republican national ticket being "touted" here by the administration for next year's campaign.

The agricultural West is looked to, according to friends of President Roosevelt, to supply the nominees.

MUDSLIDE IN WYOMING.

Covers Railroad Track and Stops Traffic.

Cheyenne, Wyo., April 10.—A mudslide has occurred at the east portal of the Aspen tunnel east of Evanston on the Union Pacific railroad and traffic between Green River and Ogden is at a standstill. The track is covered to a depth of twenty-five feet for a distance of nearly 100 yards, and it will be many days before the blockade will be raised.

A special train with passengers running west from the tunnel was wrecked near Wahsatch tunnel by a broken rail. Engineer Burton was fatally hurt and a number of passengers received bruises and cuts.

Strikers Return to Work.

Butte, Mont., April 10.—The electrical workers, blacksmiths and machinists' unions of the Great Falls smelter have agreed to resume work pending a conference with John D. Ryan of the Amalgamated Copper company next Thursday, when the question of a wage advance of 50 cents will be discussed.

Negro Maniac Killed.

Philadelphia, April 10.—Thareus Johnson, a negro maniac in the insane department of the Philadelphia hospital, was kicked and trampled to death by Patrick Murray, another insane inmate.

Minnesota Man Killed by a Train.

St. Paul, April 10.—Charles De Corsey of Proctor, Minn., who was hastening to the bedside of his dying brother George in this city, was accidentally killed by a train in the yards at Duluth.

The DISPATCH will be delivered at your door for 40 cents per month.

FIRE IN AN ACADEMY.

Compels Students to Jump From the Windows.

Exeter, N. H., April 10.—Dunbar Hall, the only wooden dormitory at Phillips-Exeter academy, was destroyed by fire early today and thirty-five students were compelled to jump from the second-story windows. The loss is \$50,000.

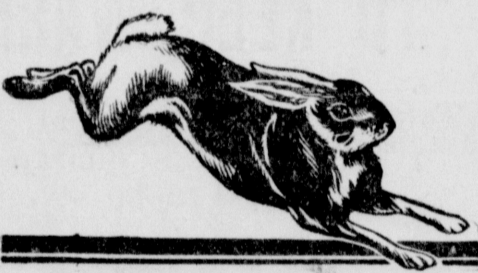

Lawrence M. Crosby, an instructor, asleep on the fourth floor, was severely burned. A number of boys were awakened by smoke pouring into their rooms and when they ran into the hall-

ways they found the fire burning with great fury in the rear of the building. They roused the other occupants and then made their escape.

Long Contest Ended.

Washington, April 10.—President Roosevelt has appointed Oscar P. Hundley of Huntsville, Ala., to be a United States district judge for the Northern district of Alabama. The president's action ends a long contest for this office, for which there were a number of applicants, both Republicans and Democrats.

The bill appropriating \$200,000 a year for the next two years for roads and bridges has passed the senate. As originally introduced the bill provided that the money should be expended under the direction of the state highway commission, but as amended and passed this right is taken away and given to the county commissioners in each county.

The people of this state have practically unanimously requested that the legislature take some steps for the establishment of an industrial school for girls away from the city of Red Wing, in order to divorce the two institutions—the boys' school and the girls' school. Red Wing seems to regard the matter as a joke, and scoffs at the matter as though the school was theirs to have and to hold. The people of the state are interested in the welfare of the inmates, and as the lawmakers are supposed to be the servants of the people this request should be heeded.

WAS IN ASSAULT CASE

Harry Aspenstrom Arrested on
Complaint of Mrs. John Lauer-
man Charging Assault

A case in the municipal court in which Harry Aspenstrom was charged with throwing a bone at Mrs. John Lauerman, created some amusement for the spectators. Aspenstrom, who is one of the boys who came into prominence as witness in the now famous Holmblad and Moberg cases, was defended by Attorney M. E. Ryan. John Tift was one of the witnesses for the prosecution and Attorney Ryan was trying to discredit the testimony of Mr. Tift, and asked if he had any love for the defendant. Tift replied that he did not. Mr. Ryan insisted on knowing why. "Because he swore to a lie over there at the court house," replied Tift. "How do you know that?" asked the attorney. "Because he told me so and told me that he was paid for it," replied Tift, who stated that there were three others present when Aspenstrom made the statement. The attorney then lost interest in that phase of the question and began a different line of interrogatories.

Mr. and Mrs. Belknap and a young man named Paine swore that Aspenstrom did not throw the bone and the case was submitted without argument, Judge Albright finding him not guilty.

HAD TEAMSTER BEEN DRUGGED?

Man Driving Team for W. B.
Jones Found Lying in Mud
Beside Road

HE HAD ALMOST PERISHED

Was not Thought to be a Drink-
ing Man but was Drunk or
Had Been Doped

W. B. Jones, of Sylvan, who was in the city yesterday had a peculiar story to tell of an accident which befell one of his hired men Monday. The man, who had relatives near Pillager, had just gone to work for Mr. Jones, this being his first day and Mr. Jones had not learned his name. He had seen him around off and on all winter and while he had been with others who had been loaded Mr. Jones had never seen him under the influence of liquor. He came to Brainerd Monday after a load of feed and got his load all right and got as far as the corduroy near W. R. Phillips' place. There one side of the wagon went off the road and he pitched off the load into the swamp. Young Mr. Phillips saw the team standing there when he went to do his chores but thought nothing more of it until his father came home about an hour later and reported finding the man in the swamp and pulling him out onto the dry ground. The son then went down and unloaded about half the load and got the wagon out and then reloaded the feed. They succeeded in partially arousing the man and got him onto the wagon and took him to Sylvan where Mr. Ramsey recognized the team and he took the man and team to Mr. Jones' residence. Mr. Jones said all he could get out of the man that night was that it "had been raining." When Mr. Jones left home yesterday morning the man had not yet wakened and he was unable to get any further information from him. It is certain that had Mr. Phillips not found him when he did the man would have frozen to death in the icy water.

AMUSEMENTS

Forty-Five Minutes From Broadway

One of the most important amusement events on the season's calendar is announced for Friday evening, April 12th, when Geo. M. Cohan's biggest success, "Forty-Five Minutes from Broadway," will be presented at the opera house. This attraction comes under the managerial banner of Klaw & Erlanger, which lends to it the prestige of this great theatrical firm. It signifies a cast of prominence and a production that will leave nothing to be desired. The company is one of the largest and most expensive organizations on tour this season. Its cast of principals is headed by Corinne, whose popularity is unbounded. There is the usual attractive Cohanesque ensemble and several of the greatest song hits this popular young man has ever composed, notably famous of which are: "So Long Mary," "A Popular Millionaire," "Only 45 Minutes from Broadway" and "Mary is a Grand Old Name." In writing this play Mr. Cohan has departed from his usual field and gives the stage a play abounding in sentiment, pathos, dramatic situations and fetching climaxes. Combined with the usual musical background it has resulted in an entertainment that will undoubtedly prove a lasting monument to the genius of this young writer, whose witty lines and Cohanisms have already invaded three continents and evoked laughter and comment wherever the English language is spoken.

A PLEASANT WEDDING

Miss Edith Donovan Became the Bride
of Sherman Jacobs at St. Francis
Church this Morning

The marriage vows of Edith Marie Donovan and Sherman Jacobs, both of Motley, were solemnized at St. Francis church this morning at 9 o'clock, Rev. J. J. O'Mahoney reading the service. Miss Scallan presided at the organ and played the wedding march as the bridal party approached the altar. During the nuptial mass she sang "Ave Maria."

The bride wore a charming going away gown of London-smoke French voile with a touch of Alice blue Peau de Soie appliqued with light pearl and gold. In place of flowers the bride held her pearl rosary, a first communion gift from her mother.

Miss Jacobs, a sister of the groom was maid of honor. Her gown was a soft but deeper shade of London-grey and she carried bridesmaid roses.

The groom was supported by James F. Murphy, of this city and both were in conventional black.

After the service a wedding breakfast was served to the bridal couple and their immediate relatives at the home of Mr. and Mrs. C. D. McKay. Mr. and Mrs. Jacobs left today on a short wedding trip and they will be at home after June 1st at Motley, where Mr. Jacobs is the popular chancier of the Motley bank.

Mrs. Jacobs, formerly a popular teacher of Cass county, has made her home in this city for the greater part of the past two years, and for several months past she has been assisting in the book-keeping department of the First National bank. During her residence here she has made many friends who regret her departure and whose best wishes will go with her and her husband to their new home.

TURPENTINE FROM PINE STUMPS

A. L. Hoffman and Associates
are Going to Establish the In-
dustry in This County

MEANS MUCH FOR FARMERS

Stumps Will not Only Pay for
the Clearing and Hauling but
Brings Big Revenue

The advertisement of A. L. Hoffman & Co. today states as the reason for his closing out his hardware business that he intends embarking in the manufacture of turpentine from pine stumps. A Dispatch representative interviewed Mr. Hoffman for further details regarding the proposed industry and found him very enthusiastic and ready to talk.

"I have been investigating this matter for over two years," said Mr. Hoffman, "and have only been waiting to get foot loose to begin operations. I have had the encouragement of Messrs. LaBar, Hartley, O'Brien, Hemstead, Father Lynch, John L. Morrison, of the Duluth Herald, and others and have made personal visits to Hinckley, near which place there is a plant. There is good money in it for the promoters and there is still more in it for the farmers. One man whom I talked with owned 320 acres of land which he purchased for 75 cents per acre because it was so literally filled with pine stumps that it was considered worthless. About three years ago a plant was established six miles from his farm and he has cleared up 100 acres of land at a net profit, above his labor of \$300 per acre and has sold the land for \$50 an acre.

"We, and I have the backing of some of the best financiers in the county, expect to establish resorts in the pine country and place a central refinery in Brainerd. The ultimate investment will be in the neighborhood of \$100,000."

Mr. Hoffman showed the reporter samples of the turpentine and oil of tar from the refinery at Hinckley. He states that there are 19 separate products from the stumps, one of which is a fine grade of white wine vinegar.

The process of refining is a secret one and will be done under patents. Mr. Hoffman, of course, is not as yet in a position to go more into the details of the business, but states that he has so far perfected arrangements as to make its success certain.

NEW WOOL DRESS GOODS

BLACK AND COLORED

We are showing a very extensive assortment of the newest weaves in plain colors; also stripes, plaids, checks, all the most popular fabrics produced this season. Having purchased most of our wool dress goods several months ago before the great advance in wool took place we are actually now selling many numbers at much less than they can now be bought at the mills. Present conditions would justify us to raise prices 25 per cent but we are not going to do this. We are considerably overstocked in this line and are making prices to unload. We invite critical and careful comparison of prices with any and all city sales, any where and every where.

Why is Hoffman Closing Out His Store?

THAT IS A QUESTION THAT IS FREQUENTLY ASKED,
But as yet does not seem to be answered to the full satisfaction of the doubting public

Some of our citizens have intimated that they did not believe Hoffman really meant to close out his business entirely, but these citizens, after visiting the store and investigating the prices we are offering the stock at, are well satisfied that this is a genuine closing out sale. But still they wonder why, they wonder why.

NOW THIS IS THE ANSWER—We want the public to know it, for it concerns the public.

Mr. Hoffman is going to establish a Turpentine Producing Plant in Crow Wing county, a plant to manufacture turpentine from pine stumps. A plant similar to the one that has been running so successfully near Hinckley for a number of years. This is no new idea with him. He has been working to this end for the past two years, as is well known by some of our leading citizens; for a verification of this fact he refers you to Rev. Father Lynch, Hon. Werner Hemstead, G. D. LaBar, F. A. Farrar, Con O'Brien, R. J. Hartley and John L. Morrison, of Duluth, and others who have helped and encouraged him in his investigations along these lines, for they know that a turpentine plant in this county would probably help out our residents at large as much as any one industry that could be established.

Mr. Hoffman has been advertising his stock for sale in bulk for the past year to some one who would rent his building, but could not, so now he has adopted the only method left him, that is to close out at retail. An immediate closing out of this stock makes it possible to establish the great Turpentine industry in this county, for it will be a benefit to every one, as all manufacturing plants employing labor always are.

As to prices—This stock is being sold at wholesale or less and any price or prices make by mail order houses will be met and you save the freight.

TO APPEAR IN COURT

E. H. Harriman Will Be Forced to Answer Questions.

HIS UNION PACIFIC DEALS

Interstate Commerce Commission Desires to Have More Light on Transactions of Financier—Special Counsel Preparing Case for Submission.

Washington, April 10.—According to a decision reached by the interstate commerce commission E. H. Harriman will be made to appear in a United States circuit court in the state of New York in answer to proceedings to be instituted to compel him to answer certain questions which he refused to answer when he was on the stand at the recent hearing by the commission in New York. Numerous conferences have been held on the subject by the members of the commission in anticipation of this action, which will be brought as soon as Messrs. Kellogg and Severance, special counsel, can prepare the case for submission to the court.

The hearing before which Mr. Harriman appeared was held in the latter part of February and it was in connection with certain transactions of the Union Pacific that Mr. Harriman, on advice of counsel, refused to answer the questions put to him. It was brought out in the testimony that the Union Pacific owned a large amount of Southern Pacific stock. Mr. Harriman was asked whether any, and if so, how much of that stock belonged to himself, when he bought it and what price he paid for it, but he declined to answer.

Another question which he refused to answer and upon which the commission desires light, was whether or not any of the directors of the Union Pacific were interested in the sale of certain shares of stock of the New York Central railroad at the time they were sold to the Union Pacific.

STANDARD OIL CASE.

Arguments May Be Heard by Federal Court in St. Paul.

St. Louis, April 10.—The answer of the Standard Oil company of New Jersey, John D. Rockefeller, Henry H. Rogers and other individual defendants and about forty of the defendant corporations to the government's ouster suit has been filed in the United States circuit court for the Eastern division of the Eastern district of Missouri.

The answer was filed by counsel, Judge H. S. Priest of St. Louis, and

comprises a general denial of all the charges in the bill filed by the government and denying each paragraph in the bill in its order. With the denial exceptions were filed to all other parts of the government's bill, comprising thirty-seven exceptions, on the grounds of irrelevancy.

The denial and bill of exceptions were filed with James R. Gray, clerk of the court, which is not in session at this time. It is stated the first matter to be taken up before the court will be the hearing of the arguments on the bill of exceptions. These arguments will be heard before the four judges, Judges Sanborn, Hook, Adams and Vandeventer, sitting together. The time for the hearing has not been set, but the next term of the court will be held in St. Paul in May and it is considered possible the hearing may come before the court in St. Paul.

"BLUE DEVILS"

Get Rid of Indigestion and Things Will Look Bright and Joyous

Even in the present era of prosperity and good times everything appears black to those people who are suffering wretchedly from some form of indigestion. Where digestion is quick, complete and easy there is a joyous and hopeful outlook, but indigestion causes depression.

The want of a safe, effective cure for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mi-o-na stomach tablets was put up in popular form and proved its invariable success in the many forms of indigestion.

After a few days use of Mi-o-na stomach tablets the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Mi-o-na is to be taken before each meal and it will stimulate the secretory and digestive juices and strengthen the whole of the digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

Mi-o-na stomach tablets are sold only in a neat metal box convenient for the vestpocket and cost 50 cents. H. P. Dunn & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every box that the money will be refunded if the remedy fails to give satisfaction. wtf3

Pale, Weak, Anaemic Girls.

ANAEMIA or bloodlessness is indicated by paleness of the lips, the gums and eyelids, and is most frequently found in girls and young women.

Other symptoms are deficient appetite, impaired digestion, irritable temper, shortness of breath, dizziness, fainting, headache, easily fatigued, depression and despondency.

The blood is lacking in the life sustaining power which is necessary to the proper working of the bodily organs, and can only be restored by the use of such a blood-forming preparation as Dr. A. W. Chase's Nerve Pills.

On account of the way in which Dr. A. W. Chase's Nerve Pills enrich the blood and build up the system, they are beyond doubt the most effective treatment for anaemia and similar wasting disease that was ever compounded. Note your increase in weight while using it.
